The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**REJECT AND READVERTISE  
NORMANDIE AVENUE  
TRAFFIC SIGNAL SYNCHRONIZATION PROJECT  
SUPERVISORIAL DISTRICTS 2 AND 4  
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Reject the sole bid received on May 9, 2006, for Project ID No. TSM0010039, Normandie Avenue in the vicinities of Gardena, Torrance, and Los Angeles (2 and 4).
2. Adopt the revised plans and specifications for the project at an estimated cost between \$500,000 and \$600,000.
3. Call for bids to be received on July 18, 2006.
4. Instruct the Executive Officer of the Board of Supervisors to advertise the project and seal and return the plans and specifications to Public Works for filing.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

This action involves contracting for the modification and synchronization of traffic signals and other appurtenant work.

On May 9, 2006, one bid was received for the work of this contract. This bid was 36 percent above the engineer's estimate. We believe readvertising this project will result in better bids. Therefore, rejecting the bid and readvertising the project is in the best interest of the County.

A certified record of receipt of the bid and the original proposal as submitted by the bidder are enclosed.

This project is part of Public Works' ongoing program for the synchronization of traffic signals.

### **Implementation of Strategic Plan Goals**

This project is consistent with the County Strategic Plan Goal of Service Excellence since it will provide improved traffic flow and safety for the traveling public.

### **FISCAL IMPACT/FINANCING**

There is no fiscal impact associated with rejecting bids. The cost to readvertise this project will be minimal and will be offset by obtaining more favorable bids.

The estimated construction cost is in the range of \$500,000 to \$600,000.

The Los Angeles County Metropolitan Transportation Authority has approved a grant of Proposition C Discretionary Funds to finance the majority of the project cost; therefore, the project will be constructed at no cost to the cities involved.

This project is included in the Fiscal Year 2005-06 Proposition C Local Return Fund Budget.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The "Instructions to Bidders," included as one of the Contract documents, provide for the rejection of all bids by your Board if such action is in the best interest of the County.

The enclosed plans and specifications include the contractual provisions, methods, and material requirements necessary for this project. The contract agreement will be in the form previously approved by County Counsel.

As required by your Board, language has been incorporated into the project specifications stating that the contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws.

### **ENVIRONMENTAL DOCUMENTATION**

On April 11, 2006, Synopsis 32, your Board found this project categorically exempt from the California Environmental Quality Act.

### **CONTRACTING PROCESS**

This project will be contracted on an open competitive bid basis. The contract will be awarded to the lowest responsible bidder meeting the criteria established by your Board and the California Public Contract Code.

To increase contractor awareness of our program to contract work to the private sector, this project will be listed on the County website for upcoming bids.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report False Claims Act violations, labor law/payroll violations, debarments, civil litigation history, and prior criminal convictions. The information reported will be considered before making a recommendation to award.

The project specifications contain provisions requiring the contractor to (1) comply with the County's Child Support Compliance Program, (2) report solicitations of improper consideration by County employees and allowing the County to terminate the contract if it is found that the contractor offered or gave improper consideration to County employees, (3) comply with the requirements of the County's Contractor Employee Jury Service Program, and (4) comply with the Newborn Abandonment Law (Safely Surrendered Baby Law).

The project specifications also contain a provision that, should the contractor require additional or replacement personnel to fill employment openings, consideration shall be given to hiring qualified participants in the County's Greater Avenues for Independence or General Relief Opportunities for Work Programs.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The delay in carrying out this project will have no significant impact on current services.

The project is to be completed in 60 working days; however, an additional 120 calendar days are required for the contractor to obtain the necessary equipment and materials. Therefore, it is estimated that the work will start in October and be completed in December 2006. Local residents and businesses will be informed that traffic and local access will be mildly disrupted during the construction.

**CONCLUSION**

Please return one adopted copy of this letter to Public Works.

Respectfully submitted,

DONALD L. WOLFE  
Director of Public Works
